Re: Sale of Pointe Group Properties

Dear Matt,

It has come to my attention that KeyBank is factoring a broker fee of \$1,000,000 into their agreement with The Pointe Group regarding the sale of the Cranberry Pointe and Chestnut Hill properties. Last week, when I received the copy of our engagement agreement with CBW, I realized that the broker fee calculates to \$1,250,000, at a sale price of \$37,000,000.

We've approached KeyBank to adjust their figure, but are not receiving a favorable response. Therefore, we are appealing to you to adjust your fee. Please contact me at your earliest convenience to discuss this. Thank you.

Sincerely,

Barry Freid  
COO
